

TREVOR GOULDBOURNE

Senior Multimedia Designer

407-399-2182 | TrevorGouldbourne@gmail.com | [LinkedIn](#) | [GouldMedia](#)

PROFILE

Senior graphic designer and multimedia specialist with nearly 20 years delivering high-impact visual design for defense, federal, and healthcare training programs. Led teams of multimedia artists and drove the visual direction of complex courseware projects from concept through production — translating technical content into compelling, accessible learning experiences. Expert in UI/UX design, instructional media production, Adobe Creative Cloud ecosystems, and 3D modeling, with a strong track record of elevating team output and proposal wins.

EXPERIENCE

Multimedia Specialist II | [Katmai Corporation](#) 2017 - 2025

Led a team of multimedia artists as the visual and creative director across a 7-year tenure, owning design direction for high-stakes defense and healthcare training programs. Served as the primary designer for company proposals, producing graphics and layouts that directly supported contract awards.

- Led multimedia design and UI conceptualization for the Sailor 2025 Navy virtual courseware across Levels I, II, and III, collaborating directly with the Lead Instructional Designer
- Directed creation of 3D models and interactive visual assets to support immersive e-learning and facilitator-led courseware experiences
- Spearheaded multimedia design for Continuing Nursing Education (CNE) and Continuing Medical Education (CME) courses, including UI and graphics for two-week online course formats
- Designed proposal graphics, layouts, and supporting visuals that strengthened competitive bids and contributed to contract awards
- Produced high-visibility conference collateral — posters, business cards, and demo reels — for the annual IITSEC conference
- Maintained an active Secret Security Clearance throughout tenure

Graphic Designer | [C2 Technologies](#) May 2025 - October 2025

Supported courseware production by developing schematics, infographics, and technical illustrations in collaboration with curriculum teams, maintaining visual consistency and accessibility standards across all deliverables.

Program Instructor | [FIU](#) June - July 2025

Designed and led a 5-week project-based program teaching high school students social media strategy, branding, and content creation using Adobe Creative Cloud, Canva, and CapCut.

Senior Graphic Artist | [General Dynamics](#) 2011 - 2017

Led visual design across flagship government training programs (DAU CON 115, TSA, VBA) — developing user interfaces, custom graphics, and branding elements in close collaboration with instructional designers to ensure clarity, usability, and Section 508 compliance.

Senior Graphic Artist | [Lockheed Martin](#) 2006 - 2010

Directed graphic design for U.S. Navy LCAC CBT and ILT training programs — managing daily production of interactive and static visuals, video editing support, and storyboard-to-digital-content translation for maintenance and engineering curriculum.

EDUCATION

Associates of Science in Digital Media | Full Sail University

CORE SKILLS

- Project Leadership
- Active Security Clearance
- Courseware Visual Design
- Cross-Functional Collaboration
- UI/UX Design | Prototyping
- Section 508 | WCAG Accessibility
- 3D Modeling | Animation
- Graphic Design | Brand Identity

TECHNOLOGY

- Photoshop
- Illustrator
- Premier Pro
- Acrobat
- Final Cut Pro
- Canva
- SharePoint
- MS Suite
- Jira | Confluence
